This annex gathers the key figures used in the book in one place, grouped by subject. Each entry gives the reference year, the value and the chapter in which the figure is discussed in context, so that readers can move from the number to the analysis behind it. Figures from the Monetary Authority of Singapore, the Department of Statistics, Enterprise Singapore, the Maritime and Port Authority and the Singapore Exchange follow the primary publications as available in November 2026.

The footnotes name the source of each value. Where sources diverge, both values are given and the difference is explained in the chapter cited. Monetary values are in Singapore dollars unless stated otherwise. The year in brackets is the reference date of the figure, which can differ from the year in which the source was published.
